22 Litre (5 US Gallon) Bucket

The drum container for this spill kit keeps the absorbents clean, dry and ready for use when needed. A clip top lid and a metal handle make for easy portability and quick deployment. Great for indoor or outdoor use and also to add extra support to larger spill kits.

This spill kits feature a combination of pads and socks that will contain and recover a 20 litre spill as well as the essential equipment needed to handle the clean up process.

Notes

- Refill 10 pad packs are available for this kit.
- Ensure that disposal of these used sorbents complies with all regulations.

Spill kit's contents include:

10 x Pads
size 40 cm x 46 cm (16" x 18")

These Oil only pads are very absorbent 240 gsm weight Coldform2™ made from recycled and renewable sourced natural fibres. They have a spun-bond lamination added for extra strength.

3 x Socks
size 8 cm x 1.2 m (3" x 4')

Oil only socks are made with a strong spun-bond outer sleeve and a recycled meltblown polypropylene and cellulose core, producing a resilient no-lint product.

1 x Waste Bag

These are made from a tough grade of polythene. There is also a cable tie supplied so that the waste can be secured safely.

1 pair of gloves

Waterproof gloves help to ensure safe handling of spilled substance.

1 pair of goggles

All-in one clear goggles provide eye protection from splashes.

* Basis weights and recycled content are ± 5%

** Measures a case/bale using ASTM 726 (long test) with medium viscosity oil and tap water. Statistical average derived from real time production QC data.

*** Weight per case ± 0.5 kg/lbs.

Compliance

Related Regulations	Description
