Spill Containment DATA SHEET

Spill Berms (6" Series)

IN STOCK

An Economical Foam Wall Spill Berm solution

Collapsible Foam Wall Mini-Berm

These Collapsible Foam wall Mini-Berms are ultra-lightweight and are a convenient spill tray for clean up operations and spill prevention during fuel and chemical transfer. Mini-Berm trays are easily placed under valves, fittings, vehicles or machinery.

Totally reusable and compact, the Mini-Berm withstands most liquids, is designed to take standard-sized sorbent pads and helps companies avoid stiff penalties from non-compliance of EPA standards. Meets EPA regulation 40CFR112.7

Advantages

- Weight: 22 oz PVC
- Appropriate for containment of waste water, petroleum products and various other chemicals
- Constructed of durable fabric that is resistant to chemicals, fuels, oils and acids
- Compact and lightweight for storage & easy transport
- Available in Chemshield™ or Actic Shield Fabrics
- Easily cleaned and maintained
