

PRODUCT DATA SHEET

PRG100

UNIVERSAL PREMIUM LAMINATE PAD

Spun bond covers Top & Bottom with a Recycled Synthetic Fiber Core (Bond points removed)

Absorbency: 97 L or 25.6 Gal of Oil

Item #	Size	Color	Recycled Content	Amount	Length	Width	Weight lbs.	Base Fiber	GSM –Basis Weight	Quantity per Pallet
PRG100	16" X 18"	Grey	90-95%	100 pads/bale	18"	16"	11 lbs	Polypropylene	286	42

DESCRIPTION

A sustainable option to Universal Polypropylene absorbents, the PRG100 are made with a Synthetic Fiber Core, a highly absorbent internal web structure for maximum absorption and performance.

These pads outperform all meltblown equivalent sorbents, while remaining at a lower price point.

These features make this pad a fantastic sustainable universal product.

Additionally, we have removed the bond points for emphasized strength and drapability.

KEY FEATURES

- Best value pad for absorbing aqueous based fluids
- Very drapable, extremely soft
- Superior Strength/Triple Laminated
- Best for absorbing antifreeze
- Virtually lint free
- Great product for foot traffic areas

APPLICATION

With highly durable outer covers, this product makes a very good sorbent choice if foot traffic is expected, or when durability is needed. Additionally, this product is exceptional at absorbing antifreeze which can be problematic for other sorbents.

NOTES

- Fire retardant as per ASTM 726.
- Ensure that disposal of these sorbents complies with all relevant national regulations and guidelines.
- * Basis weights are $\pm 5\%$
- ** Measures a case/bale using ASTM 726 (long test) with medium viscosity oil and tap water. Statistical average derived from real time production QC data.
- *** Weight per case ± 0.5 kg/lbs.
